

Boardman Township Fire Department New Fire Station 74 Boardman, Ohio

The Boardman Township Fire Department Station 74 is a new facility to house six full-time fire fighters and includes a 2-bay apparatus room, bunk rooms, kitchen, day room, restrooms with decontamination area, and an administrative office with conference/training room. The station was constructed while the existing one remained in operation on the same site, just in front of the new apparatus room. Designed while partner with HSA. Cost \$1.1 million.
